

# TIDE BI-WEEKLY NEWSLETTER

Tide | Issue 2 | Date: FEBRUARY 15th, 2018

## SNAP SHOT

Our science and social studies teacher Kendra is offering a mural arts class for our after school program this trimester. Students from grades 3-7 are working collaboratively to create an ocean-themed mural on one of the outside walls at the school.

During the past two weeks, students have been painting the background, after which point they will each paint an animal that they have been working on in class, before final detailing begins.

The project will also incorporate bottle caps in an effort to remind the viewer not to pollute our oceans.

We are still seeking paint donations for this project. If you would like to help, please contact Kendra directly at the School or feel free to donate by sending in paint with your child. Thank you!
