Teachers

Assistant Director

I am planning on coming 4 days a week next year, however I realize I cannot take on as much as I am. I am currently looking to hire an assistant director next year. Additionally, I want to teach more classes since being with the kids is what I love.

I am dedicated to hiring and working with teachers that represent the TIDE philosophy. It is also important that my teachers communicate and work with the families. If you have any suggestions for the upcoming year please let me know.
